

# IAMPermit

## IN THE OFFICE

- Login to IAMPermit
- Instantly see:
  - All issued permits
  - All permit statuses
  - Any anti-clash warning
  - All closed permits

You can then issue permits to workers in the field

## IN THE FIELD:

- Receive permits to work from site office
- Be issued with any guidance notes about precautions that must be taken while doing the work
- Receive residual hazard warnings for the areas you're working in
- Instantly inform the office when you've completed your work
